

Curriculum Vitae

Prof.Dr.Inas Nabil El-Husseiny Awad

Department of Surgery, Anaesthesiology and Radiology

Faculty of Veterinary Medicine, Cairo University

Email:drinasnabil@yahoo.com

Name : Inas Nabil El – Husseiny Awad

Place of birth: Cairo – Egypt

Nationality: Egyptian

Marital status: Married

HIGHLIGHTS OF QUALIFICATIONS:

Academic degrees:

- B.V.Sc. Faculty of Veterinary Medicine, Cairo university in January-1992 very good
- Master degree in Veterinary Surgery, Anaesthesiology, and Radiology. 25 - July 1996. Thesis title is: - **Studies on tendon injuries in equine.**
- Philosophy Doctor in Veterinary Surgery, Anaesthesiology, and Radiology. in 19 February 2000 - Thesis title is: **Studies on some surgical approaches for treatment of tendon injuries in equine .**
- Professor of Surgery Anaesthesiology, and Radiology, Faculty of Veterinary Medicine, Cairo University .

Field of specialization: Veterinary Surgery, Anaesthesiology, and Radiology.

RELEVANT SKILLS AND EXPERIENCE:

- Mother language : - Arabic .

- Other languages : - English (very good speaking ,reading and writing).
- French (Excellent speaking, reading and writing).

Teaching Experience:

- Teaching qualifications and research experiences in the field of surgery, anaesthesiology and radiology, Veterinary Medicine.
- Teaching both lectures and practical sessions of the curricular surgery, anaesthesiology and radiology courses 403 and 407 for 4th year students and 501 and 552 for the 5th year students and 445 for students of Specialized courses at the Faculty of Veterinary Medicine, Cairo University .
- Teaching both lectures and practical sessions of the curricular surgery, anaesthesiology and radiology courses for the postgraduate students.

Membership of Scientific Professional Organizations:

1. Member of Egyptian Veterinary Syndicate.
2. Member of The Egyptian Veterinary Medical Association.
3. Member of The Egyptian Society of Experimental Surgery.

Employment history :

- **Demonstrator 1993-1996**, Department of surgery, anaesthesiology and radiology, faculty of Veterinary Medicine, Cairo University.
- **Lecturer , 2000 – 2005**, Department of surgery, anaesthesiology and radiology, faculty of Veterinary Medicine, Cairo University.
- **Associate Professor**, 2005- 2012 , Department of surgery, anaesthesiology and radiology faculty of Veterinary Medicine, Cairo University.
- **Professor, 2012 ,till now** Department of surgery, anaesthesiology and radiology faculty of Veterinary Medicine, Cairo University.

Thesis supervised by Prof. Dr. Inas Nabil El-Husseiny
Professor of surgery anaesthesiology and radiology
Cairo university

- 1. Contribution to recent trends for diagnosis & surgical management of tendon injuries in equine {2008}:A thesis for M.V.Sc.**

2. **Biomechanical evaluation of fracture repair in dogs: An experimental study{2010}: A thesis for M.V.Sc.**
3. **Studies on equine sarcoid {2015}:A thesis for M.V.Sc.**
4. **Biostimulation of soft and hard tissues healing { 2016}:A thesis for Ph.D.**
5. **Studies on some surgical affections of the oral cavity in dogs and cats {2016}. A thesis for M.V.Sc.**
6. **Assessment of the cardiac size in dogs : A comparative study . (2017) A thesis for M.V.Sc.**
7. **Surgical management for repair of cruciate ligament rupture repair in dogs (an experimental study .A thesis for PhD (2018)**
- 8-**The use of some biomaterials for treatment of wounds in dogs. A thesis for Mv.Sc. (2017)**
9. **Studies on some cardiovascular disorders in dogs ,(2017) till now**

Conferences and workshops:

- 1- The 26th Arab Veterinary Medical Congress, 4-7, October, 2003, Cairo, Egypt.
- 2- 10th scientific conference (2nd international)19 -22 october , 2009 , Cairo Egypt.
- 3- 5th animal health and veterinary medicine congress . Oral presentation .held in Valencia, Spain.(2016)

Travelling abroad :

- Travelling for teaching the surgery anesthesiology and radiology curricula for 4th year students at the surgery department, faculty of Veterinary medicine , El Nekat El Khams, University, El –Ogaylat - Libya. In 2001
- Attending a conference in Valencia, Spain for oral presentation of the research work (Studies on the oral affections in dogs) (2016)

List of scientific papers published:

1. Evaluation of axial pattern skin flaps in dogs (2001): J. Egypt.Vet.Med.Assoc Vol.61 No.6.B.7-33.
2. Experimental studies on partial tendon autotransplantation in donkeys (2002): J. Egypt. Vet. Med. Assoc.Vol 62 No 1, 33-43.
3. Anaesthetic and cardiopulmonary responses to three anaesthetic combinations used for induction and maintenance of total intravenous anaesthesia in goats (2003): J. Egypt. Vet. Med. Assoc. Vol. 63 No.5, 155-171.
4. Congenital anomalies in native breeds of sheep and goats (2003): A report on 120 cases of 24 varieties (2003).Vet. Med. J., Giza. Vol.5, No. 3, 363-380.
5. Evaluation of tenotomies for treatment of acquired flexural deformities in equine (2004): J. Egypt.Vet. Assoc.Vol64. N. 6. 119-136.
6. Mammary gland neoplasms in mares (2004): Egypt. J. Comp. pathol.& clinic. Pathol.Vol 16 No 2 1 -11.
7. The distal limb affections in equine with special reference to the diagnostic methods, (2005) : J. of Egypt. Vet, Med, Assoc.Vol 65 N0 3, 5777.
8. Ultrasonographic and histopathological studies on some testicular affections in dogs (2005): J. Egypt.Vet. Med. Assoc. Vol.65. N0 3.
9. Studies on some complications of long bone fractures repair in dogs . (2009): Kafrelsheikh,Vet.Med.,J and in 3rd Sci. Congress 10- 12 may, 314-336.
10. Evaluation of xylazine / tramadol combination as a neurolept analgesic in dogs: Experimental and clinical study. (2009) :J.Egypt. Vet. Med. Assoc.Vol. 69. N0. 4, 287 - 298.
11. Identification of some skeletal deformities in freshwater teleosts raised in Egyptian aquaculture (2009): In Chemosphere, 77, 419 - 425.
12. External skeletal fixation for tendon repair in equine (2009): J. Egypt.Vet. Med. Assoc. 69, No.3, 7- 15.
13. Biomechanical studies on mechanical tension and bending fracture forces in normal dog femora (2010): J. of Egypt.Vet, Med, Assoc.Vol 7 N, 4, 423-436

14. Biomechanical studies on femoral fracture repair fixed by different fixation methods in dogs (2011): J. of Egypt.Vet, Med, Assoc. Vol. 70 NO. 4
15. Polyamide - polyester : a new prosthetic woven fabric for tendon reconstruction in equine. Journal of American Science.
- 16-surgical management of patellar ligament rupture in dogs using a prosthetic woven fabric :an experimental study (2011). J.of American Science. Vol.7, N.6.pp 482-490.**
- 17-Biomechanical studies on femoral fracture repair using different fixation methods in dogs (2012): journal of the american science .vol. 8 issue 7 pp.216- 222.**
- 18-Application of chitosan for wound repair in dogs (2012)Journal of life science vol. 9 issue 1 pp 196- 203.**
- 19- Clinical survey of equine sarcoid in Egypt (2015) Issues in biological sciences and pharmaceutical research .vol.8,issue3 pp 86-93.**
- 20 - Survey study on soft tissue affections of the oral cavity iin dogs (2016): American journal of research communication . vol 4 n: 1 pp 98- 112.**
- 21-Comparison between different surgical techniques for cranial cruciate ligament rupture repair in dogs using diagnostic imaging: an experimental study(2016). Surgical research of open journal .vol. 3 issue 1 pp 24 – 33.**

22- Comparative study of the normal heart size using the vertebral heart scale and the two dimensional cardiothoracic ratio techniques in dogs (2016). IN the 19th federation of the asian veterinary association congress in Vitnam 6-9 September ,2016.

12/12/2016
