SCIENTIFIC DEGREES:

B.Sc. of Veterinary Medicine, Faculty of Vet. Med., Cairo University, 1967
M D Vet. of Veterinary Surgery, Faculty of Vet. Med., Cairo University, 1972

LANGUAGES:

Arabic: Mother language

English: Fluent spoken and written

Dutch: Very Good spoken and written

COMPUTER SKILLS :

Mastering Winword , Excel and Power-Point

Excellent in internet navigation

PROFESSIONAL EXPERIENCE

1967 to 1973 Demonstrator of surgery, Faculty of Vet. Med., Cairo University.

1973 to 1978 Lecturer of Surgery, Dept. of Surgery, Anesthesiology & Radiology. Faculty of Vet. Med. Cairo University

1978 to 1983 Assistant Prof. of Surgery, Dept. of Surgery, Anesthesiology & Radiology. Faculty of Vet. Med. Cairo University.

1983 to 1999 Professor of Surgery, Dept. of Surgery Anesthesiology & Radiology. Faculty of Vet. Med. Cairo University.

1999 to 2005 Head of Dept. of Surgery, Anesthesiology & Radiology. Faculty of Vet. Med. Cairo University.

2005 to current Professor of Surgery, Dept. of Surgery Anesthesiology & Radiology. Faculty of Vet. Med. Cairo University.

SCIENTIFIC MISSIONS:

1974 to 1975: Gustave Russy Institute, National Research Center for Cancer, Paris, France.

1979 to 1983: Research and Development Laboratories, Organon, International pharmaceutical company Oss, The Netherlands, including assignments to Dept of Surgery Faculty of Vet. Med. Utrecht University.

1992 Department of Surgery, University of Gissen, Germany

1993 California University, Faculty of Veterinary Medicine, Davis, California, USA.

LITERARY ACHIEVEMENTS:

- **Co author of Atlas of Camel Diseases (By Aly A. Hegazy and Lotfia S. Fahmy)**

Published 2007, by the Ministry of scientific research, Academy of Scientific Research and Technology.

The first such publication world wide. It is a 328 page encyclopedia including 525 colored photographs describing camel pathology.

- **Co author of a prospective view on camel in Egypt through its state of art – further studies. (By Lotfia S. Fahmy and Aly A. Hegazy)**

Published 2007, by the Ministry of scientific research, Academy of Scientific Research and Technology

In 1189 pages it describes the current state of camel in Egypt.

SPECIAL ASSIGNMENTS:

- Member of the research council of animal and fish wealth, The Academy of Scientific Research and Technology. (1988 to current)
- Member of Animal Health program, The Academy of Scientific Research and Technology. (1988 - 1999)
- Member of The Camel Applied Research and Development Network, The Arab Center for Studies of Arid Zones and Dry Lands. (1990 - current)
- Member of the Research council of animal and poultry health, The Academy of Scientific Research and Technology. (1999 – Current)
- Member of the committee for development of animal wealth in the south eastern area of Egypt, The Academy of Scientific Research and Technology. (2000 –Current)
- Member of the standing committee for motivations of professors and assistant professors of surgery, radiology, gynaecology, obstetrics and artificial insemination. The highest committee of universities. (1988 – Current)
- Chairman of the standing committee for motivations of professors of

surgery, radiology, gynaecology, obstetrics and artificial insemination. The highest committee of universities.(2000- Current)

- Chairman of the Triple Committee of Final Exams of Veterinary Surgery for the students of Vet. Medicine Faculties in Egypt (1999 – Current)

RESEARCH PROJECTS

1-Co-Principal Investigator of the project (91- H -2 – 4) {Funded by National Agriculture Research Project , U.S.A.} “ **Epidemiological, Clinical And Pathological Studies On Some Diseases Of Camel**”. 1992 - 1994

2-Co-Principal Investigator of the project” Studies On Some Camel Diseases **In West Delta.**”{Funded by **National Specialized Council for Research and** Instructions - Agriculture Research Centers, Ministry of Agriculture and land Reclamation. 1994-1996

3-Principal Investigator of the project “**A Prospective View on Camel In Egypt Through Its State of Art**” {Funded by The Academy of Scientific Research and Technology.} 1995 - 1997

4-Principal Investigator of the project “**Further studies on Some camel diseases in Egypt.**” {Funded by The Camel Applied Research and Development Network, The Arab Center for Studies of Arid Zones and Dry Lands, 1997 - 1999.

5- Principal Investigator of the project “**Studies on camel calf mortalities**” {Funded by The Camel Applied Research and Development Network, The Arab Center for Studies of Arid Zones and Dry Lands}, 2000-2002.

6-Principal Investigator of the project “**A Prospective View on Camel In Egypt Through Its State of Art -Further studies**” {Funded by The Academy of Scientific Research and Technology} 2004 - current.

MEMBERSHIP IN SCIENTIFIC ORGANIZATIONS:

- Egyptian Vet. Med. Association.
- Egyptian wild life society.
- International buffalo federation.
- Camel Applied Research and Development Network, (CARDN) Arab Center for Studies of Arid zones and Dry Lands. (ACSAD)

PARTICIPATION IN NATIONAL AND INTERNATIONAL PROFESSIONAL MEETINGS:

Date	Professional Assembly Attended	Location
1972	7th Congress of World Association of Buiatrics Paper: Filariasis in cattle and buffaloes.	London
