

Recent Technology in Animal Reproduction

Course Code	Course Name	Credit Hours	Lectures	Practical
First Semester				
THR-4525	Artificial Insemination and Embryo Transfer in Cattle	3	2	1
THR-4526	Gynecology and Obstetrics in Farm animals	3	2	1
THR-4543	Immunology of Reproduction	2	1	1
PHY-4080	Physiology of Endocrinology and Reproduction	2	1	1
	Elective Course			
Second Semester				
THR- 4527	Recent Biotechnology in Animal Reproduction	3	2	1
THR-4528	Artificial Insemination and Embryo Transfer in Sheep, Equine and Camels	3	2	1
THR-4542	Reproductive Diseases and Abortion	2	1	1
NFC-4615	Genetic Engineering	2	1	1
	Elective Course			
Available Elective Courses				
NCN-4128	Farm Animal Nutrition	2	1	1
PAR-4158	Parasites of Reproductive System	2	1	1
MIC-4209	Bacteria and Fungi of Reproductive System	2	1	1
VHM-4329	Management of Dairy Cattle	2	1	1
SAR-4500	Special Surgery	3	2	1
THR- 4538	Diseases of Male Reproductive System	2	1	1
THR-4541	Breeding Sires	2	1	1
THR-4544	Reproductive Management in the Farms	2	1	1

This Diploma qualifies for registration in Master's degree of:

- Theriogenology
